Understanding of your Business Goals:

- Do you have a business plan you are happy to share with us?
- What goals do you have for marketing?
- What do you want to achieve in 1 – 3 years?

What does Success look like to you?

- Brand awareness
- Sales – lead generation, sell more wine increase drivers
- Other?

Unique Selling Proposition (USP)

Understanding of company history (we can read this from the website but it's always nice to hear it from the business owner)

Positioning – where do you see yourself in the marketplace?

Problem – what problem is your business solving?

What is your business good at?

What could you improve on?

Industry Data

Do you have access to any industry data that we can review, to help us understand the market and its size?

Do you know what share of the market your business has?

Channels to Market

We need to understand your different channels to market and what marketing is required for each channel (i.e how do you sell your offering – wholesale, retail, direct, export).

An understanding of where the bottle necks / problems / challenges are in the sales funnel

Sales by Channel

What percentage of sale per channel do you sell?

Sales by brand/service offering

What products/services are you selling?

What percentage of sale by product/service do you sell?

Targets

What other sales channels are you targeting (if any)?

Customer Journey

Do you have a documented customer journey?

If so, please share it with us.

Competitors

Who do you perceive as your major competitors?

Target Market

Who do you believe your target market is?

What is the %age split within your target market segments?

Given the sales you have now, where do you want the percentage split to be in say 3 years time?
